

6th ESST Conference & Exhibition

Poznań, 27 – 29 May 2019

Dear Potential Exhibitor,

The European Society for Sugar Technology (ESST) and the Verein Deutscher Zuckertechniker (VDZ) will organize the 6th ESST Conference in Poznań in May 2019. This conference will be the 6th pan-European conference for sugar technology bringing together sugar technologists from all European sugar producing countries.

The 6th ESST Congress will be held in 2nd floor of Pavillon 15 (Earth Hall) of Poznań International Fair. This venue has successfully hosted many conferences and exhibitions.

The 2nd floor encompasses a large exhibition hall next to the conference hall. The Get-together on Monday at the start of the conference, the coffee breaks and the Poster sessions will take place within the exhibition area. The conference sessions as such will take place adjacent to the exhibition.

The European Society for Sugar Technology and the Verein Deutscher Zuckertechniker recognize the importance of the exhibition as an integral part of the conference. The organizers will ensure that the exposure of exhibitors to conference delegates is maximized.

Verlag Dr. Albert Bartens KG will be organizing and coordinating the exhibition on behalf of ESST and VDZ.

We invite you and your company to participate in this exciting event as an exhibitor.

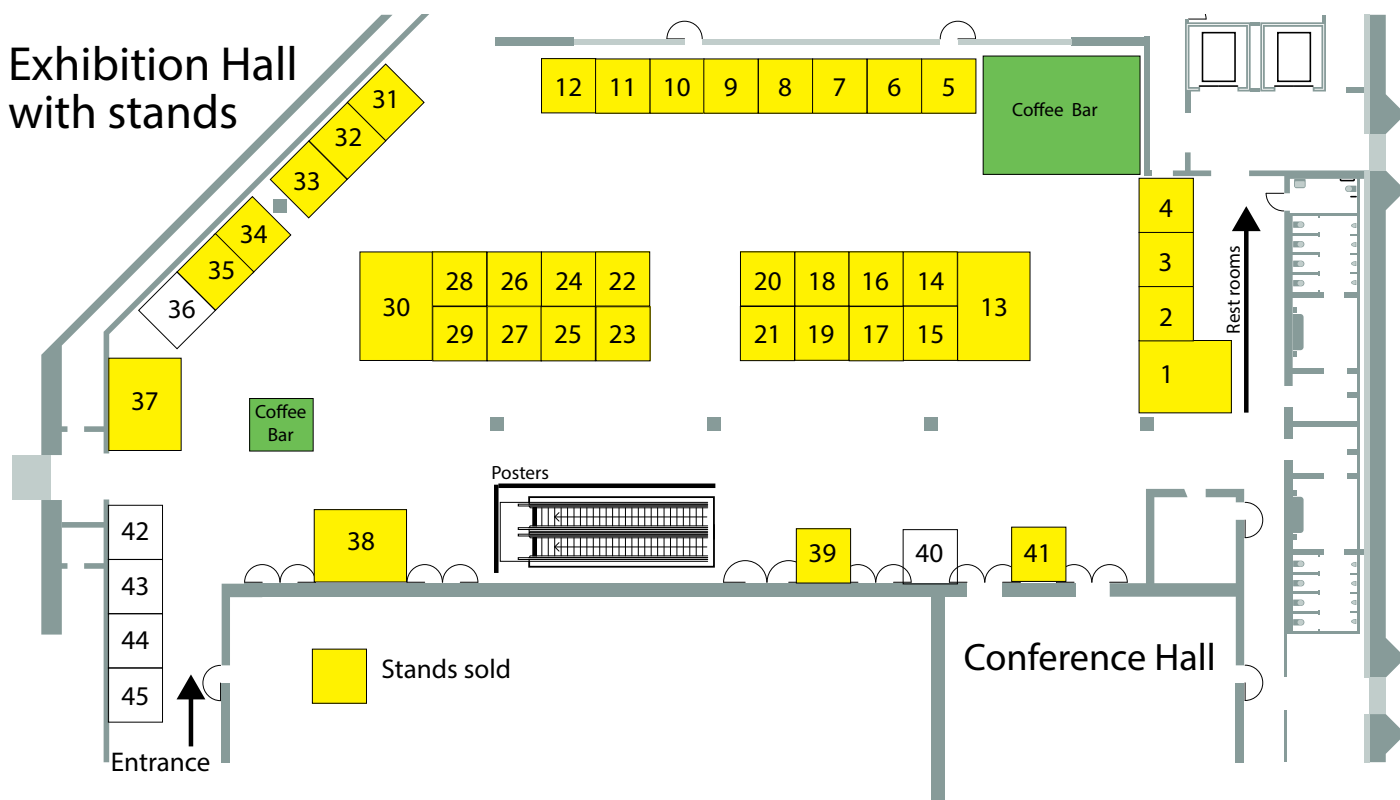

Gary Punter
ESST President

Dr. Thomas Kuhlmann
President of VDZ

6th ESST Conference & Exhibition

Poznań, 27 – 29 May 2019
